FIERCE FIGHTING IN CARPATHIANS

Russians Claim Successes at Most Positions on Battle Line

ENEMY ACROSS RIVER

Engagements of Seesaw Variety—Germans Strongly Reinforced Are Prodigal With Their Fire

Petrograd, May 5—Desperate fighting, with Russian successes at most points, is reported from the battle line which now extends from Courtland to the southern side of the Carpathians.

The Germans, it is freely admitted succeeded in forcing passage of the Donajec river in Galicia, but they have been held to their new position for three days and have suffered heavily from the Russian gun fire.

The fighting all along the line from the Vistula to the Carpathians in Galicia has been of the see-saw variety, first one side and then the other gaining an advantage. The Germans have been strongly re-enforced with artillery and have been prodigal of their fire.

Despite this fact, however, it is claimed that only a very few of Russian front line trenches have been ceded, and they simply because it would have meant annihilation to try to defend them.

In the region between Tuchow and Biecz, the Austrian forces have been almost entirely replaced by Germans according to reports to the general staff. Here the battle still continues today.

In the fighting 1,200 prisoners and five officers, with three rapid fire guns were captured at Galovetza; 700 prisoners near Biecz and 300 along the river Svitze.

MRS. FRANK'S PLEA.

Believes Husband is Innocent And Asks American People to Save His Life.

Atlanta, Ga., May 5.—"I beg the American people to save my husband's life, because he is innocent." This is Mrs. Leo M. Frank's plea to the people of this country to help her in her fight to save her husband from the gallows, to which he has been sentenced, charged with the murder of 14 year old Mary Phagan.

"I love and honor my husband today more than ever before," declares Mrs. Frank, "because I am sublimely confident of his innocence."

She asks that the American people back up her plea to the Governor with petitions, urging that Frank be given a fairer chance to prove his claim of innocence—urging not a pardon, but a commutation of his sentence to one of life imprisonment.

"Every bit of evidence produced at the trial," says Mrs Frank, "and that which has developed since the trial, shows completely that my husband is not guilty. In the end I know his name will be cleared."

Mrs. Frank is a member of one of the best Jewish families in Atlanta. A woman of refinement and pride—and despite untold sufferings in the two years since Mary Phagan was murdered, she has kept her faith in her husband and worked and suffered to save him from death.

Death of a Brakeman

William A. Riley, 24 years old a freight brakeman employed in the Potomac yards, died last night at the home of his parents, Mr. and Mrs. Alonzo B. Riley, in Del Ray. The deceased was a member of J. W. Jackson Council, Junior Order American Mechanics.

COUPLE LEAVE BABY.

Young Man And Young Woman Who Claimed to be Virginians Missing.

A well-dressed man and a pretty young woman left a baby and a mystery at the boarding house of F. F. Grant, 40 C street northwest, Washington, yesterday. The police took charge of the baby, tried to solve the mystery, and began a search for the well-dressed man and the young woman.

Grant says the couple appeared at his boarding house Monday afternoon, registered as Mr. and Mrs. Henry Jones, of Front Royal, Va., and took the baby and some baggage to their room. The man left yesterday morning, taking the baggage with him. The young woman and baby remained in teh room.

About 4 o'clock in the afternoon she asked a woman boarder if "she would mind watching the baby for a while." The baby was content with a bottle of milk, and the woman boarder took charge. The pretty young woman left the house, saying she would be back shortly. Failing to return, the baby was carried to Children's Hospital. The baby is a boy, three or four weeks old, healthy and handsome. His clothes, the nurses say, show that his parents must be people in "good circumstances."

WOMEN FIGHT DUEL

Fatal Termination of Dispute over Boundary Lines

Morgan, Ga., May 5—After a bitter quarrel, said to have originated over land boundaries, Miss Mamie Reed and Mrs. Lillie McDonald by agreement, went to their homes, armed themselves, and then met in the public road and fought a duel in which Miss Reed was killed. The duel was fought about two miles from here and there were no witnesses.

After killing Miss Reed, Mrs. McDonald came here, told her story to the sheriff and offered to surrender, but the sheriff refused to take her into custody as no warrant had been issued.

Mrs. McDonald was unmoved in reciting the story of the duel. She stated that when she and Miss Reed met at the place agreed upon the latter fired first but missed. "I returned the fire instantly," said Mrs. McDonald "and killed her."

Both women are widly known in this section, Miss Reed, who was about 40 years of age lived for many years on her plantation.

Mrs. McDonald about 30 years of age is the wife of a wealthy planter. The women had quarreled repeatedly about land lines.

JAPAN SENDS ULTIMATUM

China Prepares for Defense of City of Peking

Rome, May 5—Italy's minimum demands have been transmitted to Berlin and Vienna. An answer is expected within four days. The demands were discussed at a secret conference Sunday night at the Austrian embassy, in which the Bavarian, Prussian, and Austrian ministers to the Vatican participated.

Peking, May 5—Military preparations are being made for the defense of Peking. According to Chinese officials, whose statements have been corroborated in oather circles, the government is making no preparations elsewhere than at the capital for defense, considering that the Chinese will be unable to oppose the Japanese should they make an attack.

It is asserted in high quarters that 100,000 troops have been concentrated in the environs of Peking, but with sufficient ammunition for only a brief resistance.

Returned to Her Position.

The friends of the Children's Home who have been interested in this needy work, will be glad to learn that Mrs Mollie Whatley, who was connected with the home about three years ago as superintendent, and proved herself so capable in that line, has returned to this position. Her motherly attentions to the little ones and her careful training of them will mean much to them.

STILL AWAIT INFORMATION

Submarining of Steamer Gulflight Causing officials Much Concern

EUROPE WATCHING U.S.

Germany Expected to Demand Proof That One of Her Submarines Attacked the Vessel.

Washington, May 5—Washington officials, while waiting with concern for full information on the submarining of the American steamer Gurflight, are still more concerned over the question of where the next blow by Germany in her submarine warfare on neutrals is to fall.

With the warning of the recent German "ad" to American citizens not to travel on British vessels fresh in mind, and the attack on the Cushing and Gulflight still echoing, officials here do not overlook the fact that the Lusitania, with her vast number of passengers including many Americans, is drawing near the war zone, to say nothing of other liners.

Administration heads will not breathe with accustomed ease until they get word that the Lusitania is safely past the danger zone. The fact that mysterious warnings were conveyed to some of her passengers before the vessel sailed, and that her sailing followed right on the heels of the German warning notice has served to focus particular attention on her.

Nor is the anxiety felt here peculiar to Washington and this country alone. It is apparent that the neutral countries of Europe are viewing with growing apprehension the submarine warfare on their shipping.

This is indicated by the fact the Swedish minister, W. A. Ekengren had a long conference yesterday with Counselor Lansing, and later Secretary de Beaufort, of the Netherlands legation, had a similar conference. Secretary de Beaufort talked over the Gulflight case and the situation as to attacks on neutral shipping and it is understood Minister Ekengren also took up this matter.

It is clear the eyes of Europe are watching closely the course of the United States in the Gulflight case and related cases. It is the evident impression in most European capitals that the United States can be treated with impunity so long as only slight interference results to trade.

The expectation is that today, or the next few days at most, will bring to Washington more specific information as to just what happened in the Gulfight case. It is believed by many that the German government will take the stand that the nationality of the torpedo that struck the Gulflight is not proven and that this Government may be unable to establish it beyond a doubt.

GEORGIAN'S CURIOUS CRIME

Shot and Killed at Bedside of Ill Daughter

Savannah, Ga., May 5.—C. D. Burke, of Millen, shot and killed his wife at the bedside of their ill daughter at the Savannah Hospital yesterday afternoon, and then turned the weapon upon himself, inflicting a wound from which he will probably die. Jealousy is given as the cause for the trouble. In his determination to die Burke also drank carbolic acid.

According to the police a child has just been born to Miss Inez Burke the daughter. The girl is not yet seventeen years old.

The name of the man in the case has not been mentioned.

TOM THUMB WEDDING.

WILL NOT PAY HIS BILLS

Wife Objects to Furnishing Three Dollar Socks to Husband

New York, May 5.—"I will no longer be responsible for any debts contracted by my husband, Lieut. R. E. M. Goolrick, U. S. N."

It was her determination to put a stop to paying bills for $3 socks and other expensive haberdashery, said Mrs. Mabel Rowland Goolrick at the Hotel Flanders, that led her to insert that advertisement in New York newspapers. Her husband, however, who is stationed at Fort Hancock, denied this, and declared that it was done to embarras him.

"For three years," Mrs. Goolrick explained, "I have been paying bills for things he bought. At first I didn't mind, but now I'm through.

"Wouldn't you too, after settling twelve pairs of stocks at 3 each?" she asked. "And then I was told that he would find some one else to buy them if I didn't. After we were married, four years ago, in Stamford, he did not want me to go on the stage. I gave up my work, and since then have been receiving bills for his things."

Mrs. Goolrick said that her marriage had followed a true romance. Her husband, she said, who is a first lieutenant of the Fifty-sixth company, coast artillery, is the son of a judge in Fredericksburg, Va., comes from an aristocratic Southern family, and has a brother in the Virginia legislature. He was for a time stationed at Fort Monroe, but was transferred to Fort Hancock last year.

The wife, who contemplates action further than the published notice to bring relief from the annoyance she alleges, was born in New York, and is young and pretty. She was until her retirement from the stage a leading woman in stock companies, and is a sister of Adele Rowland, well known in Broadway musical comedies.

"Just deny the whole thing for me" said Lieut. Goolrick by telephone from Fort Hancock. "She is simply trying to make it embarrassing for me. I never had her pay for anything I bought in my life, nor have I had any of my purchases charged to her. This is a weak and feeble attempt to get publicity at my expense.

"Why, I didn't even know she was in New York," he continued, "and I haven't seen her for five months, and then it was only for a short conference."

ITALY MAY KEEP OUT

King Victor's Eleventh-hour Decision Significant

Rome, May 5—The decision of King Victor Emmanuel and the members of the ministry not to take part in the ceremony of the unveiling of the Garibaldi monument at Quarto Sant Elena is being commented upon as a step of very great significance.

The presence of his majesty at the unveiling had come to be regarded as vitrually tantamount to a declaration of war. Now the change in the King's plans is regarded as meaning that the participation of Italy in the European conflict again has been postponed.

The hope is being entertained by the pacificists that efforts of Italy to arrange a peaceful solution of her problems may ultimately be successful.

It should be borne in mind that the character of the celebration at Quarto Sant' Elena is eminently anti-Austrian. The presence of the King could only be considered by Austria as in the nature of an unfriendly act.

It seems to be a fact that on Saturday Prince Von Buelow, the German ambassador to Italy was able to announce further important concessions from Austria. At the same he said he feared the presence of King Victor Emmanuel at Quarto Sant' Elena might bring about some incident that would render the rupture of negotiations inevitable. Consequently the ministry decided, together with the King not to go to Quarto 'Sant' Elena.

LIBEL SUIT IS NEARING END

Roosevelt Scheduled to Take Stand Some Time During the Day

DEFENSE IS ABOUT IN

Defendant Colonel Expected to Amplify His Previous Statements Alleging Lack of Malice.

Syracuse, May 5—With Colonel Roosevelt scheduled to take the stand sometime today, the colonel's "case" in the Barnes libel suit was practically concluded. The defense expected to rest late this afternoon or with a little more perfunctory testimony tomorrow.

For al political, if not legal purposes, the colonel's defense was practically "in" today.

Upon being recalled to the stand today, the thirteenth day of the trial and the ninth day Roosevelt has been a witness, the former ex-president was prepared to amplify his testimony regarding alleged lack of malice in attacking Barnes.

That reiteration of the alleged libel by republication after July 22 last, when the statement was published was not an evidence of malice against Barnes was contended by the defense.

Roosevelt's new direct testimony today excluded erroneously by Justice Andrews when Roosevelt previously testified, was to be brief. Barnes' lawyers, however, planned a long cross-examination to have Roosevelt identify the new letters found in "Boss" Platt's files, exchanged when the colonel was President.

That these letters show Platt and Roosevelt never "broke" and that they worked together in New York politics after Roosevelt was in the White House was asserted.

Several witnesses subpoenaed by Roosevelt probably will not be called. But before resting the defense will submit further testimony regarding Barnes' alleged personal profiting from the Albany "printing ring."

THE WOMEN OF WAR.

London, May 5.—Premier Asquith, addressing a meeting of a committee formed to encourage recruiting among employes in the wholesale and retail distributing trades of the country, yesterday, said that out of 790,000 clerks, commercial travelers and other workers in these trades 430,000 had joined the army.

Mr. Asquith proceeded to point out what women have done to release men for the army. Up to April 24 more than 50,000 women had enrolled on the war register initiated by the Board of Trade. In one of the largest engineering works in Newcastle, in the department devoted to the manufactureof shells, he saw three or four thousand women at work. If that could be done in an occupation so far removed from the normal activities of women, it ought to be a far easier task in other trades.

LABOR UNION LAW UPSET

Ohio Court Declares Restitution on Employers Unconstitutional

Columbus, Ohio, May 5—The Ohio statute which prohibits an employer from discharging an employe because of the membership of the latter in a labor union was held unconstitutional in a decision handed down by the State Supreme Court yesterday.

The Court quoted a recent decision of the United States Supreme Court in a Kansas case in reaching its conclusion.

PRESTON WINS IN BALTIMORE

Democratic Candidate Wins By 15,919 Plurality

Mayor James H. Preston swept Baltimore in yesterday's eletion, winning over his Republican opponent, Councilman "Charlie" Heintzeman, by 15,919 plurality, the largest given a mayoralty candidate in the monumental city in a generation or more. One precinct is missing.

John Hubert, President of the Second Branch and James F. Thrift, city Comptroller, who were Mr. Preston's colleagues on the tickets, ran along with him, Mr. Hubert having 15,322 plurality over Frank W. Dryden and Mr. Thrift 15,425 over Dr. Elijah J. Russell.

Teh Democrats elected seven members of the Second Branch of the City Council. That is a gain of one member. They made that gain in the Fourth Counilmanic district and made it in a thrilling finish, for Samuel Y. Harris, Democrat, won over Albert M. Spoesser, Republican, by one vote.

THE SEA TERRORS

A German Submarine Base Is Reported Established in the Canary Isles

New York, May 5—That a German submarine base has been established in the Canary Islands was the report brought in yesterday by officers of the French liner Espagne, which arrived from Bordeaux with 238 passengers.

"Before leaving port this information was being spread among the shipping men at Bordeaux," said the purser of the French liner.

"It is said that German submarines have been sighted off Cape Finisterre, and it is supposed they will make that neighborhood their hunting grounds.

"We have information that Germany has built large undersea boats which have a radius of 4,000 miles. These vessels could reach the Canaries and make use of a base there.

"If they could establish such a base there they might play havoc with the shiping in the coastwise lanes, but a liner of 17 or 18 knots is ordinarily safe from a submarine."

OBTAINS AN INJUNCTION

Saloonkeeper in Washington Alleges Boycott on His Business

Theodore G. Stoner, owner of a restaurant and saloon at 206 Seventh street southwest, Washington alleged in a petition filed yesterday in the Supreme Court of the District of Columbia that his business has been boycotted as a result of the strike of the brewery workers, and that pickets have been posted in front of his place for the purpose of preventing patrons from entering.

Stoner's lawyers asked for an injuntion to break up the alleged boycott, and Justice Stafford, presiding in Ciruit Division 2, issued a rule, turnable Friday, against the Beer Drivers and Stablemen's Union No. 234, of the International Union of United Brewery Workers of America; the Bottlers' Local Union No. 241 Loal Union No. 99 of the International Union of Steam and Operating Engineers and Local Union No. 63, of the United Brotherhood of Stationary Firemen.

Stoner alleges the beer he sells has been declared non-union. He further alleges that pickets posted in front of his place have halted his customers with the warning that he operated a "scab" place and that "scab" or nonunion beer was on sale. He tells the court that his business has suffered heavily.

COMING REUNION OF CONFEDERATES

Committees Hard at Work Preparing For Gathering in June

EXPECT A BIG CROWD

Houses of Entertainment Will Be Provided for Those Who May be Crowded From Hotels

Richmond, May 5—With all the members of every committee having the arrangements in charge working night and day to perfect the plans for the Confederate Reunion to be held here June 1, 2 and 3, Captain John Lamb, chairman of the general committee having supervision over all, feels satisfied that when the reunion begins there will be nothing lacking to give comfort to the visiting veterans and to make of the reunion a historical success.

Captain Lamb is still receiving letters from various delegations to say that they will be present at the reunion, among the latest being a communication from a large delegation of Virginians living in New York, who will come here headed by the vice-president of the Chatham National Bank. General William C. Harrison, commander of the Pacific Division, has written to say that he will bring a large delegation from San Francsco and California, and that the Panama-Pacific Exposition will not interfere with the plans made for attendance on the reunion.

Adjutant-General W. W. Sale has ordered all the State militia to be present.

The program of entertainment includes a full dress ball to be given in honor of the New Englanders by the Blues on the night of June 2 when the reunion ball to the sponsors will be given in the armory of the Richmond Grays.

BRITISH BEAT BACK FOE.

Night Attack by Re-Enforced Germans on English Positions Breaks Down.

Paris, May 5.—The fighting for possession of positions dominated by Ypres continues without let up night and day.

Artillery and infantry encounters follow each other, and both sides are being heavily re-enforced. The allied line has now been straightened out, the war office says, and all of the new positons are being well maintained.

The Germans have brought up a new force which has attempted to break through the southern part of the British lines. In an attack last night the Germans were repulsed with very heavy losses, and it is stated that as they were retreating the French guns caught them on their flank, killing and wounding many.

FINISHED HIS LABORS.

Food Inspector Leaves City After Examining Alexandria Stores.

Julius Graham, of the Pure Food Department of the State, who has been in this city during the past week or ten days, left today for other fields. Before he took his departure he made additional visits to certain places where he had ordered a general clean-up and found his suggestions and orders had been complied with. Mr. Graham expects to return to Alexandria later.

A number of forest fires have been raging in several counties in the Fredericksburg section in the last few days.

CHALK TALK LAST NIGHT

Appreciative Audience Greets Cartoonist Berryman and Enjoys Music

A rare treat was enjoyed by those attending the entertainment given last evening for the benefit of the Free Kindergarten. An unusually attractive program was offered, opening with a quartette of fine voices rendering Verdi's Rigolett.

Mr. George O'Conner in his versatile songs was received most enthusiastically and his audience felt like the one he sang of in "Brother Carus" when he let loose" with their appreciative "bravos." He responded genially to his many hearty encores.

Mrs. Downham's sweet tones that rang with clearness and melody as she sung, "Yesterday and Today," were listened to with hushed breath.

The quartette composed of Mrs. R. F. Downham, Mrs. M. W. O'Brien, Mr. K. W. Ogden, and Mr. George Evans, gave Nevius' ever popular "Rosary," as encore and their rendition of "I Love You Truly," was especially appreciated.

Miss Geraldine Boush, whose charming personality appealed to the audience, rendered her solos with sweetness and charm.

Mr. K. W. Ogden most generously returned with the quartette in response to his encore of his solo from Rigoletto.

Mr. C. K. Berryman proved himself a humorist with his tongue as well as cryam, for he kept his aduience in uproars with his trite political jokes. His sketches were applauded exceedingly and was raffled off to the highest bidder. His "pair of pears," evoluting into Bryan and Taft, was among the many expressive cartoon on the chart.

The accompanysts deserve especial mention for their technique—Mrs. Frederick Russell, Miss Lillian Callahan, Miss Marie Higgins and Miss Peck.

After giving this hour of delightful entertainmert to the people of Alexandria, the performers repaired to the hospitable home of Mr. Robert Jones, where, with Miss Connie Boush, they received the many friends who had been given the privilege of meeting these distinguished guests.

In the drawing room, against a back ground of green, with grand white snowballs and drooping sprays of bridal wreath, the receiving line was formed—composed of the host, Mr. Robert Jones and Miss Connie Boush, Mr. C. K. Berryman, and Mrs. Berryman, Mr. George O'Conner, and Mrs. O'Conner, Miss Marie Higgins, Miss Peck, and Miss Geraldine Boush.

Beyond, in an alluring, flowery recess, Mrs. Carroll Pierce served refreshing fruit punch to the guests, and after a lovely time of chatting and laughter, they wandered to the dining room, where Mrs. John Leadbeater and Mrs. Lycurgus Uhler presided at the exquisitely decorated table, laden with elaborate and delicious viands, which were doubly enjoyed, being served from the dainty hands of the following fair young girls—Collins Jones, Isabel Boswell, Sarah Cox, Nina Fulton, Lucy Anderson, Julia Hopkins, and Carroll Leadbeater.

It was a beautiful entertainment and everyone seemed imbued with a spirit of satisfaction and fulfilled expectation as the evening waned, and after its stormy beginning they passed out into the starry night.

DWELLING HOUSE BURNS

Incendiary May Have Caused Midnight Blaze in Southeastern Section

Shortly before one o'clock this morning a small frame house, occupied by Joseph Fair, in the square bounded by Lee, Union, Franklin and Jefferson streets, was found to be burning. Although the fire department arrived upon the scene a few minutes after the alarm had been sounded, it was impossible to arrest the flames, and the house was destroyed. The structure was situated east of Little Zion Church near Battery Rodgers, and was difficult of access. Fair, who lived alone in the house, escaped from the burning structure without injury, but most of his effects were destroyed.

There were several fires in this section of the city last fall and winter, unocupied houses, however, being prey to the flames. There was reason to believe that these conflagrations were caused by incendiaries. The origin of last night's fire is mysterious, and some persons believe it was caused by a firebug. Early in the night a fresh northwest wind prevailed, but at the time the fire was discovered it had somewhat subsided. Later however, it again besame afresh, and had the fire broke out while the wind was roaring most of the houses in "Little Zion bottom" as the place is locally known, and which are occupied by colored persons, would have been destroyed.

TO REORGANIZE LEAGUE.

The Civic Improvement League is to be reorganized at a meeting of the citizens of Alexandria, to be held in the Young People's Building, on Monday night, May 17th. A committee of the Chamber of Commerce, which has been considering the question of reorganizing the league, has issued the call for the meeting. The committee will make an effort to secure several speakers from out of town to address the mass meeting.

MRS. HOGE WILL SPEAK.

The W. C. T. U. will hold a meeting at the First Baptist Church tomorrow evening at 7:45 o'clock. The speaker of the evening will be Mrs. Hoge, State President. A chorus by a number of children, under the direction of Miss Blanche Rotchford, will render the music. The public is cirdially invited.

New Styles Have Just Added to the Display of Women's

$25.00 Suits

And there is not the slightest doubt that this is the largest and best collection of $25.00 Suits we have ever offered our patrons

In seasons past we have though and stated in our advertisements that the variety was unusual when we had about 25 styles, and it was so for the time. Now modes have changed. Nearly every suit is different.

Even at this popular price of $25.00 we hardly ever have more than three or four suits of any design.

TORPEDOING OF THE GULFLIGHT.

"It looks as if the torpedoing of the Gulflight was a deliberate attempt on the part of Germany to find out whether President Wilson's threat to hold Germany to strict accountability has resolution behind it" says the Pall Mall Gazette.

The London newspapers continue to devote much sapce to the Gulf light incident and the resultant "crisis," which some of them anticipate as a result of German attacks on American commerce.

The Globe says:

"We fear that America will have to put up with the sensation until Americans raise an army and navy commensurate with the wealth, population, and territory of the country"

President Wilson discussed briefly with his Cabinet yesterday the torpedoing of the American steamer Gulflight off the Scilly Islands, but in the absence of a detailed report on the incident no policy was formulated.

Thus far it is definitely known only that a submarine was sighted by one of the officers of the Gulflight 25 minutes before the attack and that the submarine submerged immediately. No proof has been reported to establish that the submarine then sighted committed the attack or what its nationality was. Nor is there information available as yet to show whether the Gulflight flew the American flag at the time or what colors were shown by the two British patrol boats which are said to have accomplish her.

Great Britain would rejoice to see the United States at war with Germany, and the observations of the London Globe are but expressions of hope of most people in England. This country would add immensely to the strength of the allies now battlin against the Kaiser. When the people of the United States believe the time has come to enter war in order to maintain its selfrespect they will be ready to meet the issue. Suggestions to the effect that Germany is endeavoring to arouse the United States, coming as they do from the enemies of the Teutons, should not be considered seriously. It is apparent, however, that efforts are being made in certain quarters to bring the United States into this unfortunate vortex. We have a steady hand at the helm, and the attack upon the Gulflight may be explained satisfactorily. Possibly the steamer struck a mine, and the fact that the nationality of the submarine which was sighted is unknown at present should cause us to halt for further information.

ANOTHER HORROR.

A little girl named Leonora Anna Cohen was wantonly murdered in New York recently. The motive of the fiend who cut off her young life is not apparent and he is still at large. The people of that city have again been horrified by the murder of a little boy named Charlie Murray. The slayer is unknown.

The Newgate Calendar describes a succession of brutal murders in London many years ago which baffled the police. Several persons, male and female, were dispatched in the same manner at short intervals—each being struck on the head with hammers and their throats cut.

The crimes of "Jack the Ripper" are still fresh in our minds. Whoever pertrated the whitechapel slaughter escaped the penalty of his crimes. It is realized that a dangerous fiend is loose in New York, and the greatest anxiety is being caused many parents who are afraid to let their little ones leave their sight.

BASEBALL FATALITIES.

During the past few weeks four persons have been killed playing baseball or watching games. Batted or pitched balls have fractured the skulls of the victims. A boy, it will be remembered, was killed in this manner at Ashland, Va., a few days ago. Last Sunday two boys while witnessing a game on the reclaimed ground in the southeastern section of Alexandria were painfully injured. One was struck accidentally by a bat in the hands of a player and his head was cut seriously, and another had one of his fingers seriously injured.

The many fatalities from football a few years ago caused the faculties of some colleges to prohibit the sport. Baseball seems to be adding to its horros. This is one of the most interesting sports ever devised and appears that the time has come when the enthusiasts should adopt the railroad warning —"Safety first".

ANOTHER WAR CLOUD ON THE HORIZON.

Relations between China and Japan are in a critical state, the Mikado's government having given the hermit nation forty-eight hours in which to return an answer to the extraordinary demands made upon the antiquated nation. According to dispatches, China is making preparations to put up a defense against its bellicose neighbor. This, however, it is apparent, will be feeble, as the older country is in no way prepared to meet the younger and more modern nation.

The history of China during the past three score or more years shows that the celestials have been the victims of plunder, the nation of four hundred million souls having virtually allowed depredations from nearly all so-called civilized nations of the earth. The war waged by England many years ago was unwarranted, and the country was compelled to relinquish Hong Kong, the most important seaport in the kingdom, in order to obtain peace. The wresting of Cochin China from her by France was another high-handed act, and later the seizure by Great Britain and Germany of important places shows to what extent China has had to submit to wrongs in order to maintain peace. About fifteen years ago the Japanese overrun the empire and obtained great concessions and an indemnity before she would shield her sword. The island kingdom, availing herself of the present European war, is now bent upon making China a Japanese dependency.

During the war between Japan and Russia the sympathy of most of the world was with the Japanese. But should she wantonly add to China's already heavy burdens and further humilitate this peace-loving country, she will find few apologists. It is said that the mills of the gods grind slowly. China may yet see her day.

NEWS OF THE DAY

Louis Wasson, 26 years old, who was struck on the head by a pitched ball in a Sunday School league game in Indianapolis last Saturday, is dead.

Two persons were killed and eleven others were injured in a tornado which struck Dell, Ark., Monday night. Eighteen houses were destroyed.

The governor of Smyrna has opened negotiations with the allies looking to the surrender of Smyrna according to dispatches received in London.

Miss Bella James, of Goshen, N. J., was drowned early yesterday when an automobil in which she was riding plunged over a wall into twenty feet of water at Atlantic City yesterday. Three other occupants of the car were saved.

John J. Slomski, a private banker, was shot and killed by five automobile bandits who entered his bank in Chicago yesterday afternoon. Slomski refused to hold up his hands when ordered and was killed just after the bandits had robbed two customers of $100.

Mrs. Adelia Meyers is dead at her home in Croton, N. Y., as a result of being bitten by a pet cat several weeks ago. Doctors diagnosed her illness as hydrophobia. After she became ill her husband, Charles Meyers, recalled that a dog ahd bitten the cat before it attacked Mrs. Meyers.

The French government has closed a contract for the entire output of a Strausstown, Pa., hosiery mill for the next two months. This will total approximately 130,000 dozen pairs of stockings, which, it was announced, will be used by the soldiers in the French army.

Benjamin E. Davis, who, just eight years ago to the day, was voted on as the socialist candidate for mayor of Baltimore, was yesterday sentenced to be hanged for the murder of his wife, whom he shot last January. The woman had left him because of his alleged ill-treatment of her.

The murder of 4 year old Charles Murray Monday night in a dark hallway of 270 First avenue, New York, in much the same way little Leonore Anna Cohen was killed in the same neighborhood, spread terror among the mothers of the East Side. More than 100 detectives are searching for the maniacal "Ripper," for it is believed by the police that the same person was responsible for both crimes.

Mary Haynes, 16, of Brooklyn, yesterday was awarded $20,000 before Supreme Court Justice Kelby, for the loss of her entire scalp and four feet of beautiful brown hair, in her $50,000 damage suit against Cook and Cob, dyemakers. Some of the jurors wept when the girl removed her wig and showed the bare, scarred scalp from which her hair ahd been torn by a belt shaft. The jury also gave the girl's father $1,000 for loss of her services. The accident occurred August 14, 1913, in the company's Brooklyn plant.

"Within all probability Roumania will go to war on the side of the allies within two months," declared Edward Brocea, a representative of the Roumanian government, who arrived in New York yesterday. Mr. Borcea comes to buy arms and ammunition for the Roumanian government. With the exception of Russia all t he allied powers now at war have assured Roumania she will get an even division of the spoils if she enters the war against Germany and Austria."

Miss Stella Kenny, eighteen years old, of Grayson, Ky., died yesterday of injuries inflicte, upon her Sunday night and the police have arrested Robert Frazier, 35, an uncle of the girl, pending the clearing of the mystery which surrounds the case. Miss Kenny was riding with her uncle in a buggy. According to Frazier's story, bandits attacked them both and killed the girl, leaving her body lying on the roadside. Frazier was unhurt, although he asserted that the bandits overpowered and robbed him

Austro-German claims of a great victory in western Galicia are denied by the Russia War Office. It was stated that the recent offensive undertaken by the Teutonic allies at the Dunajec River had resulted in some gains for them, necessitating a regrouping of the Russian forces, but that the latter had subsequently regained practically all the lost ground. An official statement ridicules the German announcements of great gains in the Kovno-Kourland district of northwest Russia, and tells of the repulse of German attacks at different points in Poland.

VIRGINIA NEWS

E. L. Farmer and J. A. Beasley, who were under arrest at Wytheville, suspected of having been connected with the robbery of the postoffice at Scranton, S C., were released yesterday, the officers being satisfied they had arrested the wrong parties.

The German auxiliary cruiser Kronprinz Wilhelm was transferred to the Norfolk Navy Yard yesterday, where she will be interned until the end of the European war. She was berthed near the German auxiliary cruiser Eitel Friedrich, a fellow raider.

The Federal Circuit Court of Appeals in Richmond unanimously affirmed yesterday a decision of the Federal District Court construing the Safety Appliance act so as to make it unlawful for a railroad to require brakemen to use common hand brakes to control the speed of trains on the road.

"Richmond can manufacture and sell gas for 80 cents per 1,000 cubic feet and make a profit of $40,000 a year," says Alderman Joseph E. Powers. An ordinance to furnish gas at this figure will be introduced in the Richmond Council.

Rev. B. H. Melton is being urged to enter the mayoralty contest in Richmond this year. Mr. Melton is a member of the vice commission appointed by Mayor Ainslie to investigate commercialized vice in Richmond.

Beginning May 15, 40,000 head of live mules, purchased in the middle west by agents, will move through Newport News en route to England to later become a part of the English army engaged in European conflict. To house the mules while awaiting ships to transport them across the Atlantic, the Chesapeake and Ohio Railway Company on Monday began the construction of immense pens.

John Rogers, a 16 year old boy, lies at his home in Lynchburg seriously injured with a slash over his right breast and another across his nose, which were inflicted by an unknown negro youth. The boy has a three-inch slash to the rib on his breast, the rib stopping the knife before it penetrated the right lung. Young Rodgers is a son of John Rodgers, special agent for the Southern Railway at Lynchburg.

Gen. Bennett H. oung, commander-in-chief of the United Confederate Veterans, has conferred three of the highest social honors of the coming reunion at Richmond, June 1, 2 and 3, upon women from Roanoke and Salem. Mrs. Rosalind Roberts Evans, of Salem, has been appointed chief hostess of the official headquarters reception committee on General Young's staff and will be assisted by Mrs. T. A. Roberts, of Salem; Mrs. John W. Sherman, Roanoke; Mrs. E. H. Clowes, Richmond; Mrs. Fannie Van Meter, Lexington; Ky.; Mrs. Annie Bachman Hyde, Chattanooga, Tenn., and Mrs. W. A. Rose, of Alabama.

George Lynch, aged 30 years, is in the General Hospital at Danville seriously wounded in the groin and thigh as a result of a shooting affray which occurred early yesterday. He was shot by R. H. Meadows, who, suddenly entering his home, says he found his 15 year old daughter, who keeps house for him, being inhumanly treated by Lynch. As Meadows entered the room, Lynch tried to close with him, but the former managed to pet a pistol, and in the struggle he shot Lynch twice. Minnie, the girl, was questioned by the police as soon as they arrived, and a warrant was sworn out against Lynch, charging him with attempting a capital offense.

ANOTHER WOMAN IN CASE.

Mrs. Bailey May Have Been Victim of Mistaken Identity.

Mineola, Long Island, May 5.—Was Mrs. Louise D. Bailey, the Hempstead woman shot to death in the office of Dr. Edwin Carman on the evening of June 30 last, a victim of mistaken identity? Was there a woman known to Dr. Carman as "Hazel Eyes" and who caused the person who fired the shot to become maddened by jealousy? Did Mrs. Florence Conklin Carman, the doctor's good looking wife, know of the existence of "Hazel Eyes?"

Lewis J. Smith, district attorney of Nassau County, started forth yesterday afternoon to find out in a hard, deliberate manner that predicted a ruthless fight to convict Mrs. Carman of the murder of Mrs. Bailey. This second trial of the statuesque Freeport woman is to be a bitter one.

HUGHES A CANDIDATE.

Supreme Court Justice Squelches Presidential Boom.

Washington, May 5.—Another Republican 1916 prospect went to smash yesterday when Associate Justice Charles E. Hughes of the United States Supreme Court authorized a flat denial of reports that he is available as a candidate for the Presidency on the Republican ticket next year. In the same unequivocal manner adopted by him in 1912, when he rejected an offer to place him before the Republican convention as a compromise candidate, Justice Hughes declared that he was not a candidate and would not permit his name to be used.

U. S. NEUTRALITY EXACT.

Government Has Supplied no Material to Great Britain.

London, May 5.—"The United States government has not at any time in the present war supplied any war material to the British government," said Sir Edward Grey, the foreign secretary, in the House of Commons yesterday, in reply to a question asked by Sir Arthur B. Markham, Liberal member for Nottinghamshire, who was anxious to know whether The Hague convention was being strictly adhered to in this respect.

The Foreign Secretary added that it was entirely consistent for individual manufacturers of neutral states to supply material to belligerents, and "they no doubt are being supplied in this way now."

WHOOPING COUGH

"When my daughter had whooping cough she coughed so hard at one time that she had hemorrhage of the lungs. I was terribly alarmed about her condition. Seeing Chamberlain's Cough Remedy so highly recommended I got her a bottle and it relieved the cough at once. Before she had finished two bottles of this remedy she was entirely well," writes Mrs. S. F. Grimes, Crooksville, Ohia. Obtainable everywhere.

TO REDUCE CABLE TOLLS

Government Will Utilize Arlington and Canal Zone Wireless Stations

Washington, May 5.—The government proposes to utilize the wireless stations at Arlington and on the Panama Canal Zone to reduce cable tolls.

A message was received by Arlington from the Canal Zone on Friday in the daytime. This was the first message received during daylight although communication is comparatively easy in the nightime. The distance between the two stations is 2,000 miles. The feat of last Friday has suggested to the navy the probabilities of a material saving to government. Mr. Daniels said: "In a short time all the official telegrams of the government to the Canal Zone will be handled by the radio service."

Lynched by Masked Men.

Mobile, Ala., May 5.—Jesse Hatch, a negro held on charge of attacking a white woman, was lynched near Fulton late Monday. The news of the lynching reached here today.

Hatch, arrested Sunday, was being taken to jail when the sheriff's posse was overpowered by a mob of masked men and the prisoner taken from them. The negro is said to have been identified by the victim of the attack.

How Mrs. Harrod Got Rid of Her Stomach Trouble

"I suffered with stomach trouble for years and tried everything I heard of, but the only relief I got was temporary until last spring I saw Chamberlain's Tablets advertised and procured a bottle of them at our drug store. I got immediate relief from that dreadful heaviness after eating and from pain in the stomach," writes Mrs. Linda Harrod, Fort Wayne, Ind. Obtainable everywhere.

HITS BUILDINGS IN FLIGHT.

Aviator Meets Death Testing Aeroplane for Villa Army.

El Paso, Texas, May 5.—Jack Mayes, a San Francisco aviator, was killed Sunday at Aguas Calientes in making a test flight of one of the aeroplanes purchased for the Villa army according to a telegram from the commander of the Villa aviation corps.

The message said Mayes was flying at the rate of 90 miles an hour when his biplane struck a building, crushing the aviator's head and shoulders. The body is being shipped to the border here.

DROWNS IN HORSE TROUGH.

Philadelphia, May 5—With the nose and mouth barely submerged in water, the body of John Kelly, a hostler of No. 867 North Forty-seventh St. was found Monday stretched face downward across a water trough in the Pennsylvania Railroad stables, No. 1804 Filbert street. One hand of the dead man still clenched a halter shank attached to a horse which stood quietly by the body. It is believed that Kelly was seized with an attack of vertigo and fell across the trough, his face dipping into the water just far enough to cause death by drowning.

Desirable Investment Proposition For Sale That Will Net 20 Per cent Per Annum On $5,000

The Carlyle House corporation, owners of the Braddock House and the Carlyle House on North Fairfax street, Alexandria, offer for sale the four story brick building, with five stores, fronting on North Fairfax street in Alexandria. The building fronts 96 feet on Fairfax street, opposite the city market and has a depth of about 40 feet. A right of way through the center store, which would have to be converted into a lobby, as an entrance to the Carlyle House, is reserved.

This building can be readily converted into a model apartment house for which there is a great demand in Alexandria. It will make the most beautiful apartment house n the city as there is abundance of light on both sides of the building.

That it will pay a very handsome dividend on the money invested has been proven by the Wagar Apartments, on the north, which are now completed In this house there are nine apartments all rented by the year to desirable tenants at much larger rentals than are estimated for this proposition.

The building can be converted into amodern apartment house with all improvements for the sum of $5000, which is the amount that will have to be invested. Estimates from reliable contractors have been secured for the work which will include an attractive lobby, stairway, steam heating plant boiler for hot water and modern plumbing.

The property will be sold for $10,000 and no cash will be required, the entire purchase price remaining as a mortgage for a period of four years with interest at six per cent.

The following is an approximate estimate of the receipts and disbursements, made upon reliable estimates:

RECEIPTS PER ANNUM

Rental of six apartments, each containing 5 large rooms, bath and kitchen, with private center hall, light on all sides including heat, water and janitor service furnished, minimum $25 per month each or $300 per annum, a total of	$1,800.00
Rental of four stores with heat and water furnished, two of which are already rented and there is an application for a third, $15 per month each or $180 per annum, a total of	$720.00
Total estimated receipts	$2,520.00

EXPENSES

Interest on $10,000 mortgage at 6 per cent	$600.00
Taxes and Insurance	$250.00
Coal bill $50 per month for six months	$300.00
Water rent,	$90.00
Janitor service, $20 month,	$240.00
Repairs	$60.00
...	$1,540.00
Remaihing after paying expenses	$980.00

This is equivalent to almost 20 per cent per annum on $5,000.

Remember that this is not an experiment but is proven by the Wagar Apartments occupying a portion of the same building.
